Wear protective gloves/protective clothing/eye protection/face protection. **Response:** Immediately call a POISON CENTER or doctor. Specific treatment (see Section 4 on SDS for more information). **IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately

call a POISON CENTER or doctor. **IF ON SKIN (or hair):** Take off immediately all contaminated clothing. Rinse skin with water/shower. Wash contaminated clothing and shoes before reuse. **IF INHALED:** Remove victim to fresh air and keep comfortable for breathing. Immediately call a POISON CENTER or doctor. **IF SWALLOWED:** Rinse mouth. DO NOT induce vomiting.

**Storage:** Store locked up.

**Disposal:** Dispose of contents/container to an approved waste disposal plant.

**Additional Precautions:** Corrosive! Contains potassium hydroxide and sodium silicate.

Read SDS before using this product.

Al-Trol is a blend of potassium hydroxide and surface active agents, it is designed to be used as an aluminum safe trolley and gam cleaner, and features outstanding performance on hard to remove soils and oil build-ups. Corrosion inhibitors help protect aluminum and other metals without impeding cleaning action.

**DIRECTIONS FOR USE:** In trolley cleaning tanks use at 12-15 ounces per gallon of water. Temperature of cleaning solution should be 160°F-180°F. Contact your Packers Chemical Representative for more information.
