

## TECHNICAL DATA

### AL-TROL

#### Description:

Al-Trol is a blend of potassium hydroxide and surface active agents, it is designed to be used as an aluminum safe trolley and gam cleaner and features outstanding performance on hard to remove soils and oil build-ups. Corrosion inhibitors help protect aluminum and other metals without impeding cleaning action.

#### Physical Properties:

Appearance – Clear light-yellow liquid

Odor – Mild

pH, 15% solution – 12-13

Density – 10.14 pounds per gallon

Foaming – Low

Rinsing – Excellent

#### Directions for Use:

In trolley cleaning tanks use at 12-15 ounces per gallon of water. Temperature of cleaning solution should be 160-180°F.

Before use in federally inspected meat and poultry food processing plants and dairies, food products and packaging materials must be removed from room or carefully protected.

#### Safety:

Contains potassium hydroxide and sodium silicate. Contact with eyes and skin might cause irritation and/or burns. Avoid contact with eyes, skin, and clothing.

Read Safety Data Sheet (SDS) before using this product.

#### Storage:

Keep container closed. Keep away from incompatible. Keep from freezing.
