

TECHNICAL DATA

BLEACHEX 101

Description:

Bleachex 101 is an effective powdered oxygen bleach compound for use in tripe and feet bleaching. Bleachex 101 is biodegradable.

Physical Properties:

Appearance - White granules

Odor - None

pH, 1% solution - 10.4-10.6

Rinsing - Excellent

Directions for Use:

Use about 1 to 5 pounds of Bleachex 101 per 100 tripe or 150 beef feet. Rinse product thoroughly with potable water after bleaching. For more information contact your PSSI Chemical Innovations' Representative.

Safety:

Contains sodium percarbonate. Avoid contact with eyes and skin. Avoid breathing dust. Wear personal protective equipment when handling this product. In case of skin contact, flush skin with water. In case of eye contact, flush eyes with water for at least 15 minutes and call a physician.

Read Safety Data Sheet (SDS) before using this product.

Storage:

Store in a cool, dry place. Keep container closed. Keep away from sources of heat, sunlight and reactive materials.
