SPILL AND LEAK: Shovel dry material into suitable container. Keep out of water supplies and sewers. This material is alkaline and may raise the pH of surface waters with low buffering capacity. Releases should be reported, if required, to appropriate agencies. Notify Local Emergency Planning Committee and State Emergency Response Commission for release greater than or equal to RQ (US SARA Section 304). If release occurs in the US and is reportable under CERCLA Section 103, notify the National Response Center at (800) 424-8802 (USA) or (202) 426-2675 (USA).

EXTINGUISHING MEDIA: Do not use water. Use extinguishing agents appropriate for surrounding fire.

HANDLING AND STORAGE: Avoid breathing dust. Do not get in eyes, on skin, or on clothing. Wash thoroughly after handling. When mixing, slowly add water to minimize heat generation and spattering. Store and handle in accordance with all current regulations and standards. Keep containers tightly closed and properly labeled. Do not store in aluminum container or use aluminum fittings or transfer lines, as flammable hydrogen gas may be generated. Keep separated from incompatible substances.

Note: This product is not safe on soft metals, galvanized and painted surfaces.
