

TECHNICAL DATA

EZ-381

Description:

EZ-381 is an enzyme-based drain and pipe cleaner. It provides preventative and curative treatment to avoid blockage in pipes. This product eliminates clogging and slows flow in pipes and drains. It removes various organic residues by hydrolyzing and liquefying organic matter. EZ-381 is not corrosive to piping systems.

Physical Properties:

Appearance – Yellow liquid
Odor – Mild
pH, as is – 9.0 ± 0.5
Density – 8.56 pounds per gallon
Foaming – Low to none
Rinsing – Excellent

Directions for Use:

Initial Treatment: For slow drainage use 6-13 ounces of EZ-381 per outlet.

Maintenance: Use 50 ml of EZ-381 per outlet 1-2 times a week. Dilute the product in 1 quart of hot water (95°F -105°F). Pour directly into the outlet. Repeat as often as needed. Could be applied via automatic dispensing apparatus. For more information, contact your Safe Foods Chemical Innovations representative.

Before use in federally inspected meat and poultry food processing plants and dairies, food products and packaging materials must be removed from room or carefully protected.

Safety:

Do not get in eyes, on skin, or on clothing. Wash thoroughly after handling.

Read Safety Data Sheet (SDS) before using this product.

Storage:

Keep containers tightly closed in a dry, cool, and well-ventilated place. Keep at temperatures between 40°F and 120°F. Keep out of the reach of children.
