- ▶ Soft metal safe
- ▶ Works up to 16 hours at full strength
- ▶ Promotes faster clean-up time
- ▶ Less hand scrubbing needed
- ▶ Frees up maintenance labor from equipment breakdown
- ▶ Neutral pH and safe for pretreatment of waste water

## PRODUCT ORDERING

	Product Description
EZ-310	Powerful, non-foaming and odorless enzymatic cleaner/degreaser for cleaning of greasy or soiled surfaces. Recommended for cleaning of walls, applications and floor-scrubber machines. It is highly concentrated and non-caustic.
EZ-360	Foaming detergent designed for cleaning of equipment, walls, floors and difficult to access areas. It ensures in-depth cleaning due to the transformation of organic stains by enzymes.
EZ-381	Strong CIP cleaner. It provides preventative and curative treatment to avoid blockage in pipes. This product eliminates clogging and slow flow in pipes and drains. It removes organic residues by hydrolyzing and liquefying organic matter. It is not corrosive to any piping systems.
