

FOAMING HANDSOAP

WARNING

Causes eye irritation. Prevention: Rinse thoroughly after handling. Response: IF IN EYES: Rinse cautiously with water for several

minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: get medical advice/attention.

Recommended First Aid: IF SWALLOWED: Do NOT induce vomiting. Have conscious person drink water to dilute. Never give anything by mouth to an unconscious person.

Read SDS before using this product.

Foaming Handsoap is an effective high foaming hand washing product for use in federally inspected meat, poultry, dairy and other food processing plants when used by personnel prior to handling food and/or food processing equipment. It contains no harsh irritants yet performs as a heavy-duty hand cleaner. Effective in water up to 400 ppm hardness.

DIRECTION FOR USE: Wet hands. Depress nozzle 3-4 times to dispense Foaming Handsoap onto palm. Rub hands together to create lather. Wash palm to palm, back of hands fingers, thumbs, fingernails and wrists. Rub hands together for at least 20 seconds. Rinse hands thoroughly with water. Dry hands. For best results, follow hand washing with an application of hand sanitizer.

Note: For us in food processing plants, best practice is to repeat this process each time upon entering the production area, prior to handling food and/or food processing equipment.
