

TECHNICAL DATA GREENALL

Description:

Greenall is for denaturing carcasses, parts thereof, meat and meat food products intended for disposal for purposes other than human food.

Physical Properties:

Appearance - Dark green liquid
Odor - None
pH, concentrate - 2-4
Density - 8.36 pounds per gallon

Directions for Use:

Dilute 1 part Greenall with approximately 16 parts water, or about 8 ounces Greenall per gallon of water. Apply diluted agent to meat carcasses and by-products to indicate unsuitability for human consumption. Deposit in all portions of the carcasses, parts thereof, meat and meat food products to the extent necessary to prevent its use for human food.

Before use in federally inspected meat and poultry food processing plants and dairies, food products and packaging materials must be removed from room or carefully protected.

Safety:

Warning! Causes eye irritation. In case of eye contact, flush eyes with water for at least 15 minutes. Direct contact with skin or clothing will cause staining. Wash thoroughly after handling. Wear proper personal protective equipment when handling.

Read Safety Data Sheet (SDS) before using this product.

Storage:

Keep container closed and store in a cool, dry place.
