

TECHNICAL DATA

HD LAUNDRY BOOSTER

Description:

HD Laundry Booster is a concentrated alkaline builder and water conditioner. It is designed for use as a laundry detergent booster.

Physical Properties:

Appearance - Clear liquid

Odor - No odor

pH, as is - ~14

Density - 10.65 pounds per gallon

Foaming - None

Emulsification - Good

Directions for Use:

Dilution rate will depend on fabric to be cleaned, water quality, and degree and type of soil, usually 4 to 8 ounces of HD Laundry Booster for large laundry loads. Adjust the amount as needed for smaller or heavily soiled loads. The final operation of the laundry cycle must be potable water rinse, sufficient to remove all added substances from the laundered fabric.
