

TECHNICAL DATA

KC-130

Description:

Heavy duty metal safe detergent for use in automatic dishwashing systems. Loosens and emulsifies soils from pots and pans, trays, dishes, glassware, plastic, and utensils. Low-foam properties work in all water temperatures and conditions. Spot-free rinsing. Ideal for use in conveyor, flight type, and single rack dish machines. Excellent performance and results in bakery pan washers and other low foam cleaning operations.

Physical Properties:

Appearance – Clear yellow liquid

Odor – Mild

pH, 2% solution – 10-11

Density – 10.2 pounds per gallon

Foaming – Low

Rinsing – Excellent

Directions for Use:

Scrape off excess food from dishes. For burnt or baked on soils and tough to clean dishes, soak first in water with 1 tbsp. KC-130 per gallon of warm water, then load into dishwasher. Use test kit and pH measurements to set proper dilution based on water conditions and soil load. Suggested feed rate: 0.25-0.5 oz. per 1-5 gallons of water. Adjust as necessary.

Safety:

Contact with eyes and skin might cause irritation. Avoid contact with eyes, skin and clothing. Keep out of reach of children.

Read Safety Data Sheet (SDS) before using this product.

Storage:

Keep container closed and store in a cool, dry place.
