

TECHNICAL DATA

KC-199 ANTI-FOG

Description:

KC-199 Anti-Fog is a ready-to-use, fast evaporating spray designed to prevent fogging on goggles, safety glasses, and other glass and plastic surfaces formed by condensation in hot or cold temperatures.

Physical Properties:

Appearance – Clear liquid

Odor – Alcohol

pH, as is – 7-9

Density – 8.17 pounds per gallon

Directions for Use:

Spray a small amount directly on both sides of the lens of the eyewear or surface. With a non-abrasive cloth, wipe to cover all areas of the surface with solution. Let solution air-dry and avoid touching/rubbing lenses after application to prevent removing the residue from the surface. This product is not for use on contact lenses.

Safety:

Warning! Flammable. Eye irritant, avoid contact with eyes. In case of eye contact, immediately rinse eyes with plenty of water. Prolonged or repeated contact may cause skin irritation. If on skin, rinse with plenty of water.

Read Safety Data Sheet (SDS) before using this product.

Storage:

Keep container sealed and store in a cool, dry place. Keep away from heat and sources of ignition.
