

TECHNICAL DATA

KC-204

Description:

KC-204 is a high foaming, all-purpose cleaner and degreaser, which contains no phosphates. It can be used as a foaming additive for caustic or acid cleaning solutions. KC-204 may be applied by brush or through foaming units on equipment, utensils, walls and floors in all departments of meat, poultry and general food processing plants.

Physical Properties:

Appearance – Clear blue liquid
Odor – Mild odor
pH, concentrate – 6-8
Density – 8.59 pounds per gallon
Foaming – Very high
Rinsing - Excellent

Directions for Use:

Rinse area to be cleaned with hot water to remove gross soil.
Use ½ gallon of KC-204 per 50 gallons of hot water (100-140°F). Apply with brush or from foaming device and let stand. Rinse with clean water. When cleaning heavily soiled surfaces, increase product concentration accordingly. When using as a foaming additive, use 1-3 oz. per gallon of cleaning solution.
Before use in federally inspected meat and poultry food processing plants and dairies, food products and packaging materials must be removed from room or carefully protected.

Safety:

Avoid contact with skin and eyes. In case of skin contact, flush skin with water. In case of eye contact, flush eyes with water for at least 15 minutes and call a physician.

Read Safety Data Sheet (SDS) before using this product.

Storage:

Keep container closed and store in a cool, dry place.
