

TECHNICAL DATA

KC-225

Description:

KC-225 is a heavy-duty alkaline solvent cleaner. It contains a mixture of alkaline builders, solvents, D-Limonene, and wetting agents, which effectively cut through greasy and oily soils. KC-225 is for use as a spray or soak degreaser for food soils on food and non-food contact surfaces. KC-225 is safe for use on most plastics, steel, stainless steel and soft metals.

Physical Properties:

Appearance – Colorless light blue liquid

Odor – Mild sweet odor

pH, 2% solution – 9-10

Density – 8.49 pounds per gallon

Foaming – Medium

Rinsing - Excellent

Directions for Use:

Add 2-6 oz. per gallon of hot water (120°F). Apply by foaming, spraying or brushing on. Scrub. Rinse with potable water.

Before use in federally inspected meat and poultry food processing plants and dairies, food products and packaging materials must be removed from room or carefully protected.

Safety:

Avoid contact with skin and eyes. In case of skin contact, flush skin with water. In case of eye contact, flush eyes with water for at least 15 minutes and call a physician.

Read Safety Data Sheet (SDS) before using this product.

Storage:

Keep container closed and store in a cool, dry place. Keep away from combustible materials.
