

# KC-410

## ACID CLEANER

### DANGER

**Harmful in contact with skin. Toxic if inhaled. Causes severe skin burns and eye damage. May cause cancer upon inhalation of strong inorganic acid mists.**

KC-410 is a medium-high foaming, heavy duty liquid acid cleaner blended from Methanesulfonic and Nitric acids, and special surface active agents to provide effective soil attack and ease of rinsing. It is designed for removing scale buildup, rust, and other inorganic soils. This product contains no phosphates, has very low odor, is fast acting, and safe for use on stainless steel and aluminum surfaces. KC-410 may be used through foaming units or applied manually by spraying on equipment in all departments of meat, poultry and general food processing plants.

**Prevention:** Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Wear protective gloves/protective clothing/eye protection/face protection. Use only outdoors or in well-ventilated area. Do not breathe dusts or mists. Wash face, hands and any exposed skin thoroughly after handling. **Response:** Specific treatment (see Section 4 on SDS). Immediately call a poison center or doctor. **IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a poison center or doctor. **IF ON SKIN (or hair):** Take off immediately all contaminated clothing. Rinse skin with water/shower. Wash contaminated clothing before reuse. Call a poison center or doctor if you feel unwell. **IF INHALED:** Remove person to fresh air and keep comfortable for breathing. Immediately call a poison center or doctor. **IF SWALLOWED:** Rinse mouth. DO NOT induce vomiting. **Storage:** Store locked up. Store in a well-ventilated place. Keep container tightly closed. **Disposal:** Dispose of contents/container to an approved waste disposal plant.

**DIRECTIONS FOR USE:** Rinse area to be cleaned with hot water to remove gross soil. Use 2-8 ounces of KC-410 per gallon of hot water (100°F-140°F). Apply thorough foaming apparatus or by spraying. Let the product dwell on surfaces for 5-10 minutes. Do not allow chemical dry on surfaces. Rinse with clean water to remove all residues.

**Read SDS before using this product.**

**Additional Precautions:** Corrosive! Contains methanesulfonic and nitric acids.
