

# KC-445 RustX

## RUST REMOVER

**DANGER**

**Causes severe skin burns and eye damage. May damage fertility or the unborn child. Prevention:** Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Wear protective gloves/protective clothing/eye protection/face protection. Do not breathe dusts or mists. Wash face, hands and any exposed skin

thoroughly after handling. **Response:** Immediately call a poison center or doctor. Specific treatment (see Section 4 on SDS). **IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a poison center or doctor. **IF ON SKIN (or hair):** Take off immediately all contaminated clothing. Rinse skin with water/shower. Wash contaminated clothing before reuse. **IF INHALED:** Remove person to fresh air and keep comfortable for breathing. Immediately call a poison center or doctor. **IF SWALLOWED:** Rinse mouth. DO NOT induce vomiting.

**Storage:** Store locked up.

**Disposal:** Dispose of contents/container to an approved waste disposal plant.

Read SDS before using this product.

KC-445 RustX is an organic acid salt cleaner for removing rust from metal surfaces. Safe for use on aluminum, stainless steel and most other metals when used according to instructions.

**DIRECTIONS FOR USE:** Trolley derusting: Prepare solution of 1 part of KC-445 RustX with 2 parts of water. Heat to 150-165°F. Calculate the amount of solution needed by allowing 0.5 gallon of solution per trolley. Fully submerge trolleys into heated KC-445 RustX solution. Let soak for 45 minutes, maintaining the temperature. Carefully remove and check one trolley after 45 minutes. If rust is still present, let the trolleys soak for another 15 minutes. Repeat as needed. If not able to heat KC-445 RustX solution, soak in room temperature solution of 2 parts of KC-445 RustX to 1 part water for 6-12 hours.

Contact your Safe Foods Chemical Innovations' Representative for specific instructions on how to use KC-445 RustX for any other application.
