

## TECHNICAL DATA

### KC-48 Gel It

#### Description:

KC-48 Gel It is a quat based gel that can be used on a variety of surfaces. It is especially effective on porous surfaces or surfaces that frequently become wet due to condensation or splashing water. Will not attack concrete or painted surfaces.

#### Physical Properties:

Appearance - Clear, colorless gel

Odor - Slight benzaldehyde

pH, concentrate - 8.5-10.5

Density - 8.33 pounds per gallon

Rinsing - Excellent

#### Directions for Use:

Apply a thin coat of KC-48 Gel It to horizontal or vertical surfaces or to drains. If applied to drains, allow it to remain on surface for 30 minutes before allowing water to run through drain. Reapply as necessary. KC-48 Gel It can be applied using a paintbrush or short nap roller. KC-48 Gel It is easily removed during routine cleaning. Before use in food processing facility, carefully protect or remove all food products and packaging materials. Make sure all surfaces are thoroughly rinsed to remove all residues before contact with food products.

#### Safety:

Warning! Eye irritant, avoid contact with eyes. In case of eye contact, immediately rinse eyes with plenty of water. In case of skin contact, flush skin with water.

Read Safety Data Sheet (SDS) before using this product.

#### Storage:

Keep container closed and store in a cool, dry place.
