NET CONTENTS: 5 GALLONS ____

FOR INDUSTRIAL USE ONLY

ID #20619

STAINLESS STEEL DESCALER/DESTAINER

A strong acid cleaner for removing scale, buildup, and stains from stainless steel

DIRECTIONS FOR USE: To be used by or under supervision of trained Safe Foods Chemical Innovations' Representative. Use 8 to 16 ounces per gallon of hot water (100-140°F). Apply by low mist spraying or soaking, let soak for about 5 minutes. Do not let chemical dry on surfaces. Rinse thoroughly with potable water. Follow by a wash with alkaline detergent, such as KC-568 or KC-564, and then thoroughly rinse again with potable water. Prolonged contact with stainless steel, glass or tile may cause etching. Clean small area at a time.
