

TECHNICAL DATA

KC-544

Description:

KC-544 is a heavy-duty chlorinated powdered cleaner with medium to high foaming properties. It possesses excellent cleaning and water conditioning ability. KC-544 may be used for cleaning of food processing equipment in all departments of meat, poultry and general food processing plants.

Physical Properties:

Appearance - White powder
Odor - Slight chlorine
pH, 2% solution - 12.0-12.5
Foaming - Medium to High
Rinsing - Excellent

Directions for Use:

Rinse area to be cleaned with hot water to remove gross soil. Use 2-4 ounces of KC-544 per gallon of water. Apply by spray, mop or through foaming equipment. Rinse thoroughly with potable water. Do not use on aluminum or other soft metals. Before use in federally inspected meat and poultry food processing plants and dairies, food products and packaging materials must be removed from room or carefully protected.

Safety:

KC-544 contains sodium metasilicate and sodium dichlorisocyanurate. Avoid contact with skin and eyes. In case of skin contact, flush skin with water. In case of eye contact, flush eyes with water for at least 15 minutes and call a physician. DO NOT use KC-544 on aluminum or other soft metals. When in doubt, pre-test on small areas. Do not mix with acids, ammonia or other cleaning chemicals. Read Safety Data Sheet (SDS) before using this product.

Storage:

Keep container covered and store in a cool, dry place away from direct sunlight, preferably between 35-85°F.
