

KC-561

POWDERED GENERAL CLEANER

DANGER

Harmful if inhaled. Causes severe skin burns and eye damage. Prevention: Use only outdoors or in a well-ventilated area. Do not breathe dusts or mists. Wash face, hands and any exposed skin thoroughly after handling. Wear protective gloves/protective clothing/eye protection/face protection. **Response:** Immediately call a poison center or doctor. Specific

KC-561 is a general purpose powdered cleaner. It is white, free-flowing dedusted powder which has excellent foaming and hard water softening properties. It is designed for use in manual, pressure spray, foam or soak cleaning of all food processing equipment. Excellent for cleaning moderately heavy to light soils on all metal surfaces.

DIRECTIONS FOR USE: Use 1/2 to 2 ounces of KC-561 per gallon of hot water (120°F) for light to moderate soils. For moderate to heavy soils use 2-4 ounces per gallon of hot water. For high pressure spray, foam or soak cleaning use water at 120-140°F.

treatment (see Section 4 on SDS). **IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a poison center or doctor. **IF ON SKIN (or hair):** Take off immediately all contaminated clothing. Rinse skin with water/shower. Wash contaminated clothing before reuse. **IF INHALED:** Remove person to fresh air and keep comfortable for breathing. Immediately call a poison center or doctor. **IF SWALLOWED:** Rinse mouth. DO NOT induce vomiting.

Storage: Store locked up.

Disposal: Dispose of contents/container to an approved waste disposal plant.

Additional Precautions: Corrosive! Contains sodium hydroxide.

Read SDS before using this product.
