

TECHNICAL DATA

KC-639

Description:

KC-639 is a phosphate free concentrated quat based cleaner and disinfectant safe for hard nonporous surfaces such as: glass, all metals, ceramic, porcelain, fiberglass, granite, marble, concrete, and plastic. KC-639 is also a one-step sanitizer-cleaner for non-food contact surfaces and is approved for cleanup of surfaces contaminated with blood borne pathogens at use dilution 1:256. KC-639 is for use in federally inspected food-processing facilities and meat/poultry producing establishments.
EPA Reg. No. 10324-72-63679.

Physical Properties:

Appearance – Green liquid
Odor – Benzaldehyde
pH, concentrate – 13.0 ± 0.3
Density – 8.76 pounds per gallon
Foaming – High
Rinsing – Excellent
Solubility in water – Quaternary Ammonium Complex

Directions for Use:

See product label for EPA regulated directions for use. Note: Fresh solution of product needs to be prepared daily or when it becomes visibly dirty.
Before use in federally inspected meat and poultry food processing plants and dairies, food products and packaging materials must be removed from room or carefully protected.

Safety:

DANGER! Corrosive. Causes irreversible eye damage and skin burns. Harmful if swallowed, inhaled or absorbed through the skin. Avoid breathing spray mist. Do not get in eyes, on skin or on clothing. In case of skin contact, flush skin with water. In case of eye contact, flush eyes with water for at least 15 minutes and call a physician. Wash thoroughly after handling. Wear proper personal protective equipment when handling.

Read Safety Data Sheet (SDS) before using this product.

Storage:

Do not contaminate water, food, or feed. Keep container covered and store in a cool, dry place. Keep from freezing.
