

## SAFETY DATA SHEET

CHEMICAL INNOVATIONS	•		
Revision Date 02-Mar-2023			Version 1
<b>1. IDENTIFICATION OF THE</b>		<b>CE/PREPARATION AND OF TH</b>	E COMPANY/UNDERTAKING
Product identifier			
Product Name	PC-1535		
Other means of identification			
Product Code Recommended use of the chemica	20136		
Recommended Use		ength defoamer	
Uses advised against	Follow the di	rections for use on the label when apply	ing this product
Details of the supplier of the safet	y data sheet		
Manufacturer Address Safe Foods Chemical Innovations			
1501 E. 8th Street			
North Little Rock, AR 72114			
Emergency telephone number	504 750 050	2	
Company Phone Number Emergency Telephone	501-758-850 Chemtrec 1-8	0 300-424-9300	
		ZARDS IDENTIFICATION	
Classification	2.11/		
OSHA Regulatory Status			
		12 OSHA Hazard Communication Stan	
Label elements	re according to t	he Globally Harmonized System (GHS)	
		Emergency Overview	
	bstances which	at their given concentration, are conside	
Appearance Viscous Hazards not otherwise classified (	HNOC)	Physical state Liquid	Odor Slight
Not Applicable			
	OMPOSITIO	N/INFORMATION ON INGREDI	ENTS

Water spray (fog). Car   Unsuitable extinguishing media   Specific hazards arising from the owned   Will burn.	ene glycol 4. Hold eye open lenses, if prese medical advice Wash off imme and shoes. Wa irritation develo Remove to fres Do NOT induce unconscious pe ects, both acut See Section 11 al attention an Treat symptom 5. FIF bon dioxide (CC a No infor chemical	CAS No. 9003-11-6 FIRST AID MEASURES and rinse slowly and gently with water fint, after first 5 minutes, then continue rin/ attention. diately with soap and plenty of water which contaminated clothing and shoes beings and persists. The air. Consult a physician if necessary. e vomiting. Drink plenty of water. Never the erson. Call a physician. <u>e and delayed</u> for symptom information. <u>d special treatment needed</u> atically. <b>RE-FIGHTING MEASURES</b> D2). Foam. mation available.	weight-% 100 or 15-20 minutes. Remove contact nsing eye. If eye irritation persists: Get nile removing all contaminated clothes fore reuse. Get medical attention if

## Protective equipment and precautions for firefighters

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear. Cool containers with flooding quantities of water until well after fire is out. Collect contaminated fire extinguishing water separately. Do not allow entering drains or surface water.

water separately. Do not allow entern	-				
	6. ACCIDENTAL RELEASE				
	quipment and emergency procedure	<u>s</u>			
Personal precautions	Use personal protection recommended in Section 8. Ensure adequate ventilation, especial in confined areas. Eliminate all ignition sources (no smoking, flares, sparks or flames in immediate area).				
	immediate area).				
For emergency responders	Isolate area. Keep unnecessary pers	onnel away.			
Environmental precautions					
Environmental precautions	See Section 12 for additional ecological information. Prevent entry into waterways, sewers, basements or confined areas.				
Methods and material for containm					
Methods for containment	Prevent further leakage or spillage if				
Methods for cleaning up	Collect spillage. Do not attempt to reuse or repackage contaminated material. Soak up with inert absorbent material. Sweep up and shovel into suitable containers for disposal. Do not reuse container. Do not flush into surface water or sanitary sewer system.				
	7. HANDLING AND STO				
Brocoutions for cofe handling	I. HANDEING AND STO	RAGE			
Precautions for safe handling Advice on safe handling	Keep away from heat/sparks/open fla	ames/hot surfaces. No smol	king Lise personal		
Advice on sale handling	protection recommended in Section 8				
	well-ventilated areas. Avoid breathing				
	Handle in accordance with good indu				
Conditions for safe storage, includ					
Storage Conditions	Keep at temperatures between 40°F	and 120°F. Keep container	s tightly closed in a dry		
	cool and well-ventilated place. Keep

General Hygiene Considerations	Wash face, hands and any exposed				
	clothing and shoes before reuse. Do	not eat, drink or smoke whe	en using this product.		
	9. PHYSICAL AND CHEMICAL	PROPERTIES			
Information on basic physical and	chemical properties				
Physical state	Liquid				
Appearance	Viscous	Odor	Slight		
Color	Clear to slightly cloudy	Odor threshold	No information available		
Property	Values	Remarks • Method			
H	6.5	±1 @ 21°C (2% solution)	)		
Melting point/freezing point	-19 °C / -2 °F				
Boiling point / boiling range	No information available				
Flash point	216 °C / 421 °F	Cleveland Open Cup			
Evaporation rate	No information available				
Flammability (solid, gas)	No information available				
Flammability Limit in Air					
Upper flammability limit:	No information available				
	No information available				
Lower flammability limit:					
Vapor pressure	< 0.01	mm Hg @25°C			

Vapor density	> 1				
Specific Gravity	1.05 g/cc				
Water solubility	Slightly soluble				
Solubility in other solvents	No information available				
Partition coefficient	No information available				
Autoignition temperature	No information available				
Decomposition temperature	No information available				
Kinematic viscosity	No information available				
Dynamic viscosity	No information available				
Explosive properties	No information available				
Oxidizing properties	No information available				
VOC Content (%)	No data available				
	10. STABILITY AND	REACTIVITY			
Reactivity					
No data available					
Chemical stability					
Stable under recommended storage	conditions.				
Possibility of Hazardous Reaction	<u>6</u>				
Hazardous polymerization does not of	occur.				
Conditions to avoid					
Heat, flames and sparks.					
Incompatible materials					
Bases. Strong oxidizing agents. Stro	ng reducing agents.				
Hazardous Decomposition Produc	ts				
Carbon monoxide. Carbon dioxide (C

Revision Note Disclaimer

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered a warranty or quality specification. The health hazards given on this SDS apply to this product in its concentrated form (as supplied) and may differ significantly at use dilution. The signs and symptoms of exposure apply only to negligence in handling or misuse of the concentrated product and not to the routine exposure of the diluted product under conditions of ordinary use.

Company name update.
