

PC-721

SHACKLE AND CONVEYOR LUBRICANT

WARNING

Causes eye irritation. Prevention: Wash face, hands and any exposed skin thoroughly after handling. **Response: IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.

ADDITIONAL PRECAUTIONS: Keep this product away from food and food products. Keep out of reach of children. Store in a closed container in a dry area between 40°F and 120°F.

Read SDS before using this product.

Premium liquid, high detergency, water soluble shackle and conveyor lubricant, effective in a variety of meat, poultry and food processing environments. PC-721 protects bearing surfaces of conveyor against excessive wear and assures smooth operation. High detergency removes soil build-up and keeps conveyors clean. PC-721 contains ingredients that are either GRAS or approved for contact with food products, therefore allowing for use in applications with incidental food contact.

DIRECTION FOR USE: Dilute PC-721 with water from 1:5 to 1:35 depending on conveyor speed and load. PC-721 should be applied by spray systems designed for lube application.
