

TECHNICAL DATA

PC-806

Description:

PC-806 is a true odor eliminator for industrial use. The product acts by attaching itself to the nitrogen groups commonly found in most odors such as smoke, body odors, urine, garbage odors, and ammonia. PC-806 is safe for use on most hard surfaces, it is non-corrosive and non-staining.

Physical Properties:

Appearance – Colorless/ light yellow liquid

Odor – Unscented

pH, 2% solution – 4.2 ± 0.5

Density – 8.39 pounds per gallon

Directions for Use:

Apply PC-806 to the source of bad odor by spraying. Mist the odorous area slightly. Periodical reapplication might be needed. The frequency will depend on the amount of odorous material and ambient conditions. More frequent application in hot and sunny conditions will be needed.

Before use in federally inspected meat and poultry food processing plants and dairies, food products and packaging materials must be removed from room or carefully protected.

Safety:

WARNING! Contact with eyes may cause irritation. Prolonged skin contact may cause slight irritation. Wash thoroughly after handling. Avoid breathing vapors or mists. Contains protease (subtilisin) which may trigger an allergic reaction.

Read Safety Data Sheet (SDS) before using this product.

Storage:

Keep containers tightly closed in a dry, cool and well-ventilated place. Keep from freezing.
