

TECHNICAL DATA

PC-992 HW

Description:

PC-992 HW is a premium trolley and chain lubricant, effective in a variety of slaughter and processing environments. PC-992 HW is a blend of petroleum oils and additives that provide low drip, enhanced rust protection, excellent lubrication and long life.

Physical Properties:

Appearance – Colorless to pale yellow viscous liquid

Odor – Odorless

pH – NAP

Viscosity - 29-32 cPs

Density – 7.12 pounds per gallon

Directions for Use:

PC-992 HW can be applied by spray or dip method.

Spray method: Spray onto clean trolleys and hooks for lubrication and rust protection. Excess oil should be removed.

Dip method: Float ¼-3 inches of oil on top of hot water (160-180°F). Dip clean trolleys and hooks in oil to completely cover them with oil. Blow off excess oil to avoid dripping.

Safety:

Do not store with strong oxidizing agents. Keep away from heat, sparks and open flame. Keep out of reach of children.

Read Safety Data Sheet (SDS) before using this product.

Storage:

Avoid water contamination and extreme temperatures to minimize product degradation. Do not store at temperatures above 120°F or in direct sunlight for extended periods of time. Keep container closed.
