Packerlube E is trolley and chain lubricant, effective in a variety of slaughter and processing environments. Packerlube E is a blend of petroleum and vegetable oils and special additives that provide low drip and excellent lubrication.

**DIRECTIONS FOR USE:** Packerlube E can be applied by spray or dip method.

**Spray method:** Spray onto clean trolleys and hooks for lubrication and rust protection. Excess oil should be removed.

**Dip method:** Float ¼-3 inches of oil on top of hot water (160-180°F). Dip clean trolleys and hooks in oil to completely cover them with oil. Blow off excess oil to avoid dripping.

**Additional Precautions:** Avoid water contamination and extreme temperature to minimize product degradation.
