

RAIL BRUSH SYSTEM

The PSSI Chemical Innovations Rail Brush System prevents potential lost yield by making physical contact with rail surfaces during cleaning.

- ▶ Dislodges rust and debris that could otherwise come free during production
- ▶ Keep rails clean and clear for smooth chain movement resulting in less power consumption and longer chain life

SPECIFICATIONS

- ▶ 3" x 3" brush heads
- ▶ Stainless steel bracket threaded on both ends

PRODUCT ORDERING

Item #	Description	Contains
91164	Rail Brush System	4 Brush Heads 2 Brackets
96156	Rail Brush Head Replacement Kit	4 Brush Heads
