

TECHNICAL DATA

TRIPEMAX B

Description:

Tripemax B is a beef foot and tripe wash product that contains special chelating and sequestering ingredients to aid in cleaning and hair removal. It's designed for use with Tripemax C and/or PC-827 additives. Tripemax B could be used as a pH adjuster in scalding tanks of pork processing operations.

Physical Properties:

Appearance – Light yellow liquid
Odor – Odorless
pH, concentrate – >14
Density – 12.37 pounds per gallon

Directions for Use:

Tripemax B is to be used at ratio of 1 to 8 ounces per gallon of water. Adjustments to usage ratio might be needed. Please contact your Safe Foods Chemical Innovations Representative for assistance with directions for use and usage ratio for your application.

Safety:

Danger! Corrosive! Contains sodium hydroxide. Causes severe skin burns and eye damage. In case of skin contact, flush skin with water. In case of eye contact, flush eyes with water for at least 15 minutes and call a physician. Harmful if inhaled, use with adequate ventilation. Wash thoroughly after handling. Wear proper personal protective equipment when handling. When mixing, slowly add to water to minimize heat generation and spattering.

Read Safety Data Sheet (SDS) before using this product.

Storage:

Store in cool, dry place. Keep container closed when not in use.
