

TECHNICAL DATA

TRIPEMAX C

Description:

Tripemax C is a hoof hair remover additive for use in conjunction with Tripemax A. Tripemax C contains a mixture of wetting and penetrating agents that helps to soften and remove the hair. Tripemax C is especially effective on black hair cattle.

Physical Properties:

Appearance - Clear colorless liquid

Odor - Odorless

pH, concentrate - 10.5-11.5

Density - 8.46 pounds per gallon

Foaming - High

Directions for Use:

Use 1 to 32 ounces of Tripemax C per gallon of water. Please contact your Safe Foods Chemical Innovations representative for customized directions for use for your application.

Before use in federally inspected meat and poultry food processing plants and dairies, food products and packaging materials must be removed from room or carefully protected.

Safety:

Danger! Corrosive! Contains sodium hydroxide. Causes severe skin burns and eye damage. In case of skin contact, flush skin with water. In case of eye contact, flush eyes with water for at least 15 minutes and call a physician. Wash thoroughly after handling. Wear proper personal protective equipment when handling.

Read Safety Data Sheet (SDS) before using this product.

Storage:

Do not contaminate food or feed by storage and disposal. Store in cool, dry place. Keep container closed when not in use.
