

TECHNICAL DATA

TRIPLEX

Description:

Tripex is a superior formula for effective cleaning and scalding of tripe, without shrinking or destroying the texture. Best results are obtained when Tripex is used with Bleachex 101 oxygen bleaches.

Physical Properties:

Appearance – White powder
Odor – Mild alkaline
pH, 2% solution – >13
Foaming – None
Rinsing – Excellent

Directions for Use:

For manual use, add approximately 4 pounds of Tripex per load to the cleaning cycle. Use on tripe must be followed by a thorough rinse with potable water to remove all residues. Contact your Safe Foods Chemical Innovations representative for more information.

Before use in federally inspected meat and poultry food processing plants and dairies, food products and packaging materials must be removed from room or carefully protected.

Safety:

Contains sodium and calcium hydroxides. Avoid contact with eyes, skin and clothing.

Read Safety Data Sheet (SDS) before using this product.

Storage:

Store in a dry, cool place. Keep container covered. Keep container closed when not in use.
