# TROLLEX LQ

## TROLLEY CLEANER

Trollex LQ is a powerful blend of caustic and surface active agents. Trollex LQ is designed to be used as a heavy-duty trolley cleaner and features outstanding performance on hard surfaces to remove soils and oil build-ups. It adheres to and cleans vertical surfaces.

**DIRECTIONS FOR USE:** Use in any cleaning apparatus. Dilute 2-14 ounces of Trollex LQ per gallon of hot water (110-170°F). Dilution rate depends upon soil to be removed, water temperature and time allowed for cleaning. Apply to surfaces such as stainless steel, black iron, and mild steel. After use rinse thoroughly with potable water to remove all residue. Do not use on aluminum or other soft metals. When in doubt, pretest on small areas.
