## GENERAL PURPOSE ALKALINE CLEANER

FB-1268 is a high foaming, all-purpose cleaner and degreaser. FB-1268 may be applied by brush or through foaming and spraying units on equipment, utensils, walls and floors in all departments of dairy, meat, poultry and general food processing plants where food soils need to be removed with a mild detergent. FB-1268 is effective against a variety of soils.

**DIRECTION FOR USE:** Rinse area to be cleaned with water to remove gross soil. Use 1 to 4 ounces of FB-1268 per gallon of water. Apply with brush or through a foaming device and allow to penetrate. Do not let solution dry on surfaces. Thoroughly rinse with potable water to remove all residue.

Before use in federally inspected meat and poultry food processing plants and dairies, food products and packaging materials must be removed from room or carefully protected. This product should not come into direct contact with food products.
