

FB-1401

NON-FOAMING ACID CLEANER

DANGER

Causes severe skin burns and eye damage. Toxic if inhaled. May cause cancer upon inhalation of strong inorganic acid mists.
Prevention: Obtain special instructions before use. Do not handle until all safety precautions have been read

A strong acid-based cleaner for effectively and quickly dissolving alkali scale and mineral buildup which can harbor microorganisms. Especially effective for cleaning tripe washers, tanks, and pipe lines. FB-1401 is non-foaming and suitable for CIP and high temperature applications.

DIRECTIONS FOR USE: Use 1 to 5 ounces per gallon of hot water (100°F-140°F) to remove non-organic soils by brush, circulation, pressure spray or soaking and to neutralize residual alkalinity on food plant equipment. It may also be used for de-rusting, scale removing, and/or brightening of stainless steel and aluminum surfaces. Rinse thoroughly with potable water to remove all residues. This product should not come into direct contact with meat, shell eggs, or other food products.

and understood. Use personal protective equipment as required. Use only outdoors or in a well-ventilated area. Do not breathe dusts or mists. Wash face, hands and any exposed skin thoroughly after handling. **Response:** Specific treatment (see Section 4 on SDS). Immediately call a poison center or doctor. **IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a poison center or doctor. **IF ON SKIN (or hair):** Take off immediately all contaminated clothing. Rinse skin with water/shower. Wash contaminated clothing before reuse. **IF INHALED:** Remove person to fresh air and keep comfortable for breathing. Immediately call a poison center or doctor. **IF SWALLOWED:** Rinse mouth. DO NOT induce vomiting.

Storage: Store locked up. Store in a well-ventilated place. Keep container tightly closed.

Disposal: Dispose of contents/container to an approved waste disposal plant.

Additional Precautions: Corrosive! Contains phosphoric and nitric acid.
