

TECHNICAL DATA

FB-1556

Description:

FB-1556 is a premium, heavy duty, liquid alkaline detergent formulated for use in cleaning heavily soiled equipment, pipelines from food soils typically found in food processing plants. Designed for use in pipelines, boil-out, spray, soak, and CIP operations where carbonaceous soils, fat, and blood must be removed. This product is phosphate-free and may be used in all departments of dairy and food processing plants.

Physical Properties:

Appearance – Amber liquid
Odor – Alkaline
pH, concentrate – ~13
Density – 12.14 pounds per gallon
Foaming – None
Rinsing – Excellent

Directions for Use:

CIP: Circulate a solution of .30-1.50 (0.1-0.6% caustic) ounces per gallon at 140-180°F for 30 minutes.

BOIL-OUT: 1.50-3.0 ounces per gallon (0.6-1.2% caustic). Follow procedures provided by Safe Foods Chemical Innovations.

HIGH TEMP SYSTEMS: 1.75-6.0 oz/gallon (0.7-2.4% caustic) at 185°F for 45-60 minutes. Follow procedures provided by Safe Foods Chemical Innovations.

Before use in federally inspected meat and poultry food processing plants and dairies, food products and packaging materials must be removed from room or carefully protected.

Safety:

Danger! Corrosive! Contains sodium hydroxide. Contact with eyes and skin might cause burns. Avoid contact with eyes, skin and clothing.

Read Safety Data Sheet (SDS) before using this product.

Storage:

Keep container closed. Store in a cool, dry place.
