

PC-670 BICARB

FLOOR TREATMENT

WARNING

Causes eye irritation. Prevention: Wash face, hands and any exposed skin thoroughly after handling. **Response: IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.

Recommended First Aid: IF ON SKIN (or hair): Remove contaminated clothing. Rinse skin thoroughly with plenty of water. **IF SWALLOWED:** Do not induce vomiting. Have a conscious victim drink water to dilute. Never give anything by mouth to an unconscious person. **IF INHALED:** Remove to fresh air.

Read SDS before using this product.

PC-670 Bicarb is a floor treatment product used to prevent slipping on production floors in meat, poultry, dairy and general processing plants. It contains sodium bicarbonate and cationic quaternary ammonia surfactant which makes it an effective odor control agent in moist environments.

DIRECTIONS FOR USE: Apply in thin layer on food plant floors, either manually or through the use of a drop spreader. Application rate of 10 lbs. per 3750 sq. ft. will deliver an effective level of odor control and prevents slipping of personnel on production floor.
