ID #23100

SpiralClenz™ 2100 is a specialized surfactant additive product for use in cleaning of ultrafiltration (UF) and microfiltration (MF) membrane systems. This product aids in penetration of food soils for easy suspension and removal from membrane surfaces.

DIRECTION FOR USE: SpiralClenz™ 2100 is normally diluted to 0.07 to 0.17% solution depending on the soil type to be removed. Contact your Safe Foods Chemical Innovations Sales and Service Representative for use recommendations.

Before use in federally inspected meat and poultry food processing plants and dairies, food products and packaging materials must be removed from room or carefully protected. This product should not come into direct contact with meat, shell eggs, or other food products.
