

## TECHNICAL DATA

# SPIRALCLENZ™ 2100

### Description:

SpiralClenz™ 2100 is a specialized surfactant additive product for use in cleaning of ultrafiltration (UF) and microfiltration (MF) membrane systems. This product aids in penetration of food soils for easy suspension and removal from membrane surfaces.

### Physical Properties:

Appearance – Clear colorless liquid  
Odor – Mild  
pH, concentrate – 7.5  
Density – 8.55 pounds per gallon  
Foaming – High  
Rinsing – Excellent

### Directions for Use:

SpiralClenz™ 2100 is normally diluted to 0.07 to 0.17% solution depending on the soil type to be removed.

Before use in federally inspected meat and poultry food processing plants and dairies, food products and packaging materials must be removed from room or carefully protected. This product should not come into direct contact with meat, shell eggs, or other food products.

### Safety:

Danger! Corrosive! Contact with eyes and skin will cause severe irritation and possible burns. Avoid contact with skin and eyes. In case of eye contact, flush eyes with water for at least 15 minutes and call a physician. In case of skin contact, flush skin with water. Wash thoroughly after handling.

Read Safety Data Sheet (SDS) before using this product.

### Storage:

Keep container closed and store in a cool, dry place.
