

NON-PRESSURIZED TANK FOAMER

PSSI Chemical Innovation's latest non-pressurized tank foamer includes a streamlined design for simplified maintenance and increased safety.

FEATURES

- ▶ Non-pressurized tank
- ▶ Stainless-steel construction
- ▶ Fully enclosed pump box, easily removed for replacement/maintenance
- ▶ Lighter model (155 lbs. vs. prior model at 225 lbs.)
- ▶ Slots for chemical tags
- ▶ Spillover port for easy water addition measurement
- ▶ Locations for holding air & foam hoses when not in use
- ▶ Less hold-up than pressurized tank foamer (18 oz. vs 112 oz.)
- ▶ Wet/dry foam quality adjust
- ▶ Locking casters

OPERATION MODES

- ▶ Standard (10'-15' throw)
- ▶ Overdrive (35'-40' throw)
- ▶ Recirculation (mixing)

Replaceable Pump Box
