## CHLORINATED FOAMING CLEANER

**DANGER**

**Causes severe skin burns and eye damage. Prevention:** Do not breathe dusts or mists. Wash face, hands and any exposed skin thoroughly after handling. Wear protective gloves/protective clothing/eye protection/face protection. **Response:** Immediately call a poison center or doctor. Specific treatment (see Section 4 on SDS). **IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a poison center or

doctor. **IF ON SKIN (or hair):** Take off immediately all contaminated clothing. Rinse skin with water/shower. Wash contaminated clothing before reuse. **IF INHALED:** Remove person to fresh air and keep comfortable for breathing. Immediately call a poison center or doctor. **IF SWALLOWED:** Rinse mouth. DO NOT induce vomiting. **Storage:** Store locked up. **Disposal:** Dispose of contents/container to an approved waste disposal plant.

**Additional Precautions:** Corrosive! Contains sodium hypochlorite and sodium hydroxide.

Read SDS before using this product.

FB-1550 is a liquid concentrated chlorinated high-foaming alkaline cleaner. FB-1550 is recommended for heavy duty foam cleaning in food processing facilities for removal of dirt, grease, grime, blood and protein build up.

**DIRECTIONS FOR USE:** Rinse area to be cleaned with water to remove gross soils. Dilute at a rate of 2-12 ounces per gallon of water depending upon soil to be removed, or to required strength necessary to achieve satisfactory cleaning results. Dilution rate varies with length of exposure time to contact surfaces. Apply foam to surfaces by manual spraying, mopping or scrubbing, or through foam generating equipment. Let dwell for not more than 10 minutes, do not allow the chemical dry on surfaces. Rinse thoroughly with water.

Note: This product is not safe on soft metals, galvanized and painted surfaces.
