

EQUIPMENT SANITIZER STATION

Safe Foods Chemical Innovations Equipment Sanitizer Station is a cleaner, more streamlined alternative to a traditional dip tank. This station saves chemical and time with its automated process as well as provides a more sterile station free of floating debris.

FEATURES

- ▶ Durable stainless-steel design
- ▶ Electrically operated
- ▶ Activated by photo eye. Simply run equipment down the center to activate the spray. Spray automatically shuts off once the item has passed through.
- ▶ Compatible with PAA and quat sanitizers
