

# ONYX

## BLACK DENATURANT

### WARNING

**Causes eye irritation. Prevention:** Wash face, hands and any exposed skin thoroughly after handling. **Response: IF IN EYES:** Rinse

cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.

**Additional Precautions:** Contact with skin and clothing will cause staining. Use hand protection while handling.

**Read SDS before using this product.**

Onyx is a black food-grade dye denaturant for marking and denaturing meat and poultry products to identify them as unsuitable for human consumption. Onyx imparts a distinct black color to ensure adulterated products cannot be confused with articles of human food.

**DIRECTIONS FOR USE:** Shake container well. Use as is, or diluted at up to 8 ounces per gallon of water. Thoroughly apply to meat and poultry products to the extent necessary to prevent their use as human food.
