

TECHNICAL DATA

ONYX

Description:

Onyx is a black food-grade dye denaturant for marking and denaturing meat and poultry products to identify them as unsuitable for human consumption. Onyx imparts a distinct black color to ensure adulterated products cannot be confused with articles of human food.

Physical Properties:

Appearance – Black liquid

Odor – None

pH, concentrate – 2-4

Density – 8.39 pounds per gallon

Directions for Use:

Shake container well. Use as is, or diluted at up to 8 ounces per gallon of water.

Thoroughly apply to meat and poultry products to the extent necessary to prevent their use as human food.

Safety:

Warning! Causes eye irritation. In case of eye contact, flush eyes with water for at least 15 minutes. Direct contact with skin or clothing will cause staining. Wash thoroughly after handling. Wear proper personal protective equipment when handling.

Read Safety Data Sheet (SDS) before using this product.

Storage:

Keep container closed and store in a cool, dry place. Protect from freezing.
