

TECHNICAL DATA

FB-1572 HDC

Description:

FB-1572 HDC is a non-foaming heavy-duty liquid alkaline cleaner that contains special chelating and sequestering ingredients to aid in cleaning. It features an outstanding performance on hard-to-remove fat soils, especially suited for high temperature and Clean-In-Place (CIP) applications. FB-1572 HDC may be used in all departments of meat, poultry, dairy, and general food processing plants.

Physical Properties:

Appearance – Light yellow liquid
Odor – Odorless
pH, concentrate – >14
Density – 12.37 pounds per gallon

Directions for Use:

Use in any circulation cleaning apparatus or system. Dilution rate varies with the length of exposure time to contact surfaces, but usually ranges from 0.5 to 8 oz. per gallon of hot water. Suitable for use on the following surfaces: stainless steel, black iron, concrete, glass, and plastic. Contact your Safe Foods Chemical Innovations' Service Representative for detailed use instructions.

Safety:

Danger! Corrosive! Contains sodium hydroxide. Causes severe skin burns and eye damage. In case of skin contact, flush skin with water. In case of eye contact, flush eyes with water for at least 15 minutes and call a physician. Harmful if inhaled, use with adequate ventilation. Wash thoroughly after handling. Wear proper personal protective equipment when handling. When mixing, slowly add to water to minimize heat generation and spattering.

Read Safety Data Sheet (SDS) before using this product.

Storage:

Store in cool, dry place. Keep container closed when not in use.
