

## TECHNICAL DATA

# CC-130

### Description:

Safe Foods Chemical Innovations' CC-130 is industrial/institutional liquid dishwashing detergent for automatic dishwashers. It has excellent soil removing properties and water softening capabilities.

### Physical Properties:

Appearance – Clear yellow liquid  
Odor – Mild  
pH – 10-11  
Density – 1.22 kg/L  
Foaming – Low  
Rinsing – Excellent

### Directions for Use:

Scrape off excess food from dishes. Fill both the pre-wash and main cups completely with CC-130. For burnt or baked on soils and tough to clean dishes, soak first in water with 4 mL CC-130 per Litre of warm water, then load into dishwasher.

### Safety:

Danger! Corrosive. Contains tetrapotassium pyrophosphate and potassium hydroxide. Causes severe skin burns and eye damage. Avoid contact with eyes, skin or clothing. In case of eye contact, flush eyes with water for at least 15 minutes and call a physician. In case of skin contact, flush skin with water and consult a physician if symptoms develop and persist. Wash thoroughly after handling.

Read Safety Data Sheet (SDS) before using this product.

### Storage:

Keep containers tightly closed in a dry, cool and well-ventilated place. Keep from freezing.
