

CC-262 POLYFOAM

GENERAL CLEANER

FOR FOOD PLANT AND INDUSTRIAL USE ONLY

CC-262 Polyfoam is a high foaming, all-purpose cleaner and degreaser, which contains no phosphates or VOCs. CC-262 Polyfoam can be used as a base concentrate with adding acid or alkaline boosters. CC-262 Polyfoam may be applied by brush, through a foaming device or by soaking on equipment, utensils, walls and floors in all departments of meat, poultry, dairy and general food processing plants.

DIRECTIONS: Dilute 8 to 48 mL of CC-262 Polyfoam per Litre of water. Apply by hand scrubbing, soaking or foaming. For in-depth cleaning, addition of a strong acid or alkaline booster might be required. Mix thoroughly and apply by hand scrubbing, soaking or foaming. Equipment or surfaces subject to direct contact with food are to be thoroughly rinsed with potable water after treatment with this product. When using as a foaming concentrate, always add water in between the CC-262 Polyfoam and the acid or alkaline booster.

CONTAINS: Dodecylbenzenesulfonic acid, sodium salt, Alcohols (C9-11) Ethoxylated, Tripropylene glycol methyl ether, Ethylenediaminetetraacetic acid tetrasodium salt.

BATCH:

WARNING

Causes serious eye irritation.

Prevention: Wash face, hands and any exposed skin thoroughly after handling. Wear eye/face protection.

Response: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.

Recommended First Aid: IF ON SKIN (or hair): Rinse skin with water. Consult a physician if necessary. Wash contaminated clothing before reuse. **IF SWALLOWED:** Rinse mouth immediately and drink plenty of water. Do NOT induce vomiting. Never give anything by mouth to an unconscious person. Consult a physician if necessary. **IF INHALED:** Remove to fresh air. Immediate medical attention is not required.

AVERTISSEMENT

Provoque une sévère irritation des yeux.

Prévention: Se laver le visage, les mains et toute surface de peau exposée soigneusement après manipulation. Porter un appareil de protection des yeux/du visage.

Réponse: EN CAS DE CONTACT AVEC LES YEUX: Rincer avec précaution à l'eau pendant plusieurs minutes. Enlever les lentilles de contact si la victime en porte et si elles peuvent être facilement enlevées. Continuer à rincer. Si l'irritation oculaire persiste : consulter un médecin.

Premiers soins recommandés: EN CAS DE CONTACT AVEC LA PEAU (ou les cheveux): Rincer la peau à l'eau. Consulter un médecin s'il y a lieu. Laver les vêtements contaminés avant réutilisation. **EN CAS D'INGESTION:** Rincer la bouche immédiatement et boire beaucoup d'eau. NE PAS faire vomir. Ne jamais rien administrer par la bouche à une personne inconsciente. Consulter un médecin s'il y a lieu. **EN CAS D'INHALATION:** Déplacer à l'air frais. Aucune consultation médicale immédiate n'est requise.
