

TECHNICAL DATA

CC-400

Description:

CC-400 is a strong acid-based cleaner for effectively and quickly dissolving alkali scale and mineral buildup which can harbor microorganisms. Especially effective for cleaning tripe washers. CC-400 is non-foaming and suitable for CIP and high temperature applications.

Physical Properties:

Appearance – Pink liquid
Odor – Sour
pH, as is – < 1.0 @ 21 °C
Density – 1.24 kg/L
Foaming – None
Rinsing – Excellent

Directions for Use:

Use 8-40 mL per 1 Litre of hot water (38-60°C) to remove non-organic soils by brush, circulation, pressure spray or soaking and to neutralize residual alkalinity on food plant equipment. It may also be used for de-rusting, scale removing, and/or brightening of stainless steel and aluminum surfaces. Rinse thoroughly with potable water to remove all residues. This product should not come into direct contact with meat, shell eggs, or other food products.

Safety:

Danger! Corrosive. Toxic if inhaled. Causes severe skin burns and eye damage. Avoid contact with eyes, skin or clothing. Avoid breathing vapors or mists. In case of eye contact, flush eyes with water for at least 15 minutes and call a physician. In case of skin contact, flush skin with water and consult a physician if symptoms develop and persist. Wash thoroughly after handling.

Read Safety Data Sheet (SDS) before using this product.

Storage:

Keep containers tightly closed in a dry, cool and well-ventilated place. Keep from freezing.
