

# CC-610

## FOR FOOD PLANT AND INDUSTRIAL USE ONLY

CC-610 is a peracetic acid based sanitizer ideally suited for a variety of sanitizing applications in food plants, dairies, breweries, wineries, and beverage operations. It may be applied to pre-washed surfaces such as process equipment and CIP systems by immersion, coarse spray or circulation.

**DIRECTIONS: Pre-Washed Surfaces:** Use at 13-80 mL per 10 Litre of water, which provides a 82-500 ppm active peracetic acid solution. All surfaces should be exposed to sanitizing solution for 60 seconds or more. Then drain product from surfaces and allow to air dry. Do NOT rinse. The sanitizing solution will break down into water, oxygen and weak vinegar content. CC-610 is an acidic product that is most effective at a pH range of 5-7 when diluted with water at temperatures of less than 30 degrees Celsius.

**NOTE:** For Mechanical Operations prepared use solution may not be reused for sanitizing but may be reused for other purposes such as cleaning. For Manual Operations fresh sanitizing solutions should be prepared daily or more often if the solution becomes diluted or soiled.

**Sanitization of Conveyors and Equipment for Meat, Poultry, Seafood, Fruit, Nuts and Vegetables:** For use in the static or continuous sanitizing, washing or rinsing of conveyors, slicers, saws, and equipment, apply a solution of this product using 13-80 mL per 10 liters of water (82 ppm to 500 ppm active peroxyacetic acid). Apply sanitizer solution to the return portion of the conveyor or equipment using coarse spray or similar means of wetting surfaces, so as to affect draining and prevent puddling. Allow sanitizer to thoroughly wet surface for a minimum 60 seconds contact time. No rinse is needed.

**CAUTION:** This product should not be used or stored in areas which result in direct contamination of food. Storage in food processing areas is not permitted

**NOTE:** Do not mix with bleach or alkaline cleaners. Store in a cool place in its original container

**CONTAINS:** Hydrogen peroxide, acetic acid and peracetic acid.

## DANGER

Causes severe skin burns and eye damage.  
Harmful if swallowed. May intensify fire; oxidizer.

## DANGER

Provoque de graves brûlures de la peau et des lésions oculaires. Nocif en cas d'ingestion. Peut aggraver un incendie; comburant.

**Prévention:** Ne pas respirer les poussières/fumées/gaz/brouillards/vapeurs/aérosols. Se laver le visage, les mains et toute surface de peau exposée soigneusement après manipulation. Porter des gants de protection/des vêtements de protection/un équipement de protection des yeux/du visage. Ne pas manger, boire ou fumer en manipulant le produit. Tenir à l'écart des vêtements et d'autres matières combustibles. Tenir loin de la chaleur, des surfaces chaudes, des étincelles, des flammes nues et autres sources d'inflammation. Prendre toutes précautions pour éviter de mélanger avec des matières combustibles.

**Vapeurs/aérosols:** Se laver le visage, les mains et toute surface de peau exposée soigneusement après manipulation. Porter des gants de protection/des vêtements de protection/un équipement de protection des yeux/du visage. Ne pas manger, boire ou fumer en manipulant le produit. Tenir à l'écart des vêtements et d'autres matières combustibles. Tenir loin de la chaleur, des surfaces chaudes, des étincelles, des flammes nues et autres sources d'inflammation. Prendre toutes précautions pour éviter de mélanger avec des matières combustibles.

**Intervention:** Appeler immédiatement un CENTRE ANTIPOISON ou un médecin. Traitement spécifique (voir Article 4 de l'FDS). **IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER or doctor.

**IF ON SKIN (or hair):** Take off immediately all contaminated clothing. Rinse skin with water [or shower]. Wash contaminated clothing before reuse. **IF INHALED:** Remove person to fresh air and keep comfortable for breathing. Immediately call a POISON CENTER or doctor.

**IF SWALLOWED:** Rinse mouth. DO NOT induce vomiting. Immediately call a POISON CENTER or doctor. **IN CASE OF FIRE:** Use water spray to extinguish.

**Storage:** Store locked up. **Disposal:** Dispose of contents/container to an approved waste disposal plant.

**Entreposage:** Garder sous clef. **Élimination:** Éliminer le contenu/le récipient dans une installation approuvée d'élimination déchets.
