

## TECHNICAL DATA

### CC-633

#### Description:

Safe Foods Chemical Innovations' CC-633 is a 4-chain quaternary ammonium and phosphoric acid sanitizer for use on food contact surfaces. This product is for use in: food handling and processing areas, and meat and poultry plants. CC-633 is recommended for cleaning and sanitizing of stainless steel and other hard surfaces, for removal of smut, soil, scale, and rust from these surfaces.

**DIN #02315416.**

#### Physical Properties:

Appearance – Clear red liquid

Odor – Mild

pH, as is –  $1.0 \pm 1$

Density – 1.15 kg/L

Foaming – High

Rinsing – Excellent

Active ingredients – Quaternary Ammonium Complex

#### Directions for Use:

**Food Contact Sanitizing Directions:** Apply a solution of 2 mL of this product in 1 litre of water, (200 ppm active) to precleaned, hard surfaces thoroughly wetting surfaces with a cloth, mop, sponge, sprayer or by immersion. For spray applications, use a coarse spray, pump, or trigger sprayer. Spray 15 cm – 20 cm from surface, rub with brush, sponge, or cloth. Do not breathe spray. With spray applications cover or remove all food products. Surfaces should remain wet for at least 1 minute followed by adequate draining and air-drying. A fresh solution should be prepared at least daily or when used solution becomes visibly dirty. For mechanical application use solution may not be reused for sanitizing applications. No potable water rinse is allowed after application of the sanitizing solution.

**See product label for more application details.**

#### Safety:

**DANGER!** Corrosive. Contains quaternary ammonium and phosphoric acid. Causes irreversible eye damage and skin burns. Harmful if swallowed or absorbed through skin. Harmful if inhaled. Avoid breathing spray mist. Do not get into eyes, on skin or on clothing. Wash thoroughly with soap and water after handling.

Read Safety Data Sheet (SDS) before using this product.

#### Storage:

Do not contaminate water, food, or feed. Keep containers tightly closed in a dry, cool, and well-ventilated place. Keep from freezing. Store only in original container.
