Christine Donohue, MPH, PhD
Senior Managing Consultant
Ramboll
Email: cdonohue@ramboll.com

Dear Dr. Donohue:

RE: CC Natural Red

This is in response to your letter of June 6, 2023, wherein you notified us regarding a legal change to your client's company name from Packers Chemical, Inc. to Safe Foods Chemical Innovations and requested an updated letter of no objection for the subject product to be used as a hand cleaner in Federally Registered Food Establishment.

Based on available information submitted on this product, we can advise that we see no reason to object to the composition and its use as a hand cleaner by the employees handling food products in food processing establishments, provided that:

- a) there will be no contamination of food as a result of its use; and
- b) after use, hands are thoroughly rinsed with potable water before handling food in the food processing.

Please note that the product is a skin product, which has no antiseptic claim. Therefore, this product may be considered as a cosmetic and, your company should complete a cosmetic notification pursuant to section 30 and 31 of the Cosmetic Regulations under the Food and Drugs Act (please refer to <https://www.canada.ca/en/health-canada/corporate/contact-us/cosmetics-program-regional-offices.html>) or contact the Consumer Safety Program at cosmetics@hc-sc.gc.ca or at 1-866-662-0666 for more information.

Please note that this opinion is applicable to the acceptability of this product from a food chemical safety perspective only under the authority of the provisions of Section 4(1)(a) of the Food and Drugs Act, and is not a validation of product efficacy. It does not exempt this product and its

constituent substances from any legal requirements as a drug or as a natural health product or for use as a cosmetic or from other reporting requirements related to manufacture, or import, if applicable. It is your responsibility to ensure that this product complies with all legal requirements, which are relevant to its use.

Yours truly,

X *Cynthia Scholten*
