Dear Ms. Tunland,

**RE: PAC-260 Non-Foaming Cleaner**

This is in response to your email of March 14, 2022, wherein you requested our comments on the acceptability of the subject product for use as a cleaner, in food processing establishments.

Based on the information provided, we can advise that we see no reason to object to its use as proposed in food processing plants, provided that:

- a) There will be no contamination of food as a result of its use;
- b) Prior to application of the product in food handling areas, all food should either be removed from the vicinity or protected; and
- c) Equipment and surfaces subject to direct contact with food are thoroughly rinsed with potable water after treatment with the product.

We trust that the foregoing will be of use to you

Yours truly,

X Marina Vivas
