

Assist is a flexible acidified sodium sulfate antimicrobial approved for use on poultry, meat, and produce. Assist can be used in a variety of applications in order to reduce harmful pathogens. When combined with the Safe Foods Entro delivery module and the MARC System, the concentration of Assist can be monitored and adjusted in real-time, ensuring optimum antimicrobial performance.

KEY BENEFITS

- ▶ Approved by FDA, USDA, Health Canada and others
- ▶ Track water and chemical usage
- ▶ Simple to use
- ▶ Designed with worker safety in mind

ASSIST™

ABOUT SAFE FOODS CHEMICAL INNOVATIONS

Safe Foods Chemical Innovations, a division of PSSI Food Safety Solutions, is your premier partner for superior chemical solutions, intervention processing aids, and innovative equipment. PSSI offers comprehensive sanitation services, chemical products, pest management, and intervention solutions for food processing facilities. Its team of skilled food sanitors, microbiologists, technical experts and engineers are committed to keeping USDA, FDA, and CFIA processing facilities clean, safe, and audit-ready. PSSI works with each partner to develop smarter and more efficient food safety programs for total protection.
